WINNINGTON
BUSINESS PARK

LOCATION

WINNINGTON BUSINESS PARK | NORTHWICH

LOCATION

A significant new business park for Northwich amidst an area of substantial urban regeneration and development.

- 2 miles from Northwich Town Centre and Northwich train station
- Junction 19 of the M6 motorway is just 15 minutes' rural drive away
- Located 18 miles east of Chester and 12 miles south of Warrington
- Easy access to the M56 motorway leading to Manchester International Airport

Winnington Business Park is located in the historic town of Northwich, Cheshire. It lies at the junction of the rivers Weaver and Dane approximately 18 miles east from the ancient city of Chester.

The Town’s historic significance dates back to Roman times, the empire’s interest in the area is thought to be

due to the proximity of the two merging rivers along with the local salt deposits which were extremely valuable to the empire.

Northwich’s association with salt mining has spanned over a thousand years as the excavation continues locally through to today. The closure of several mines over

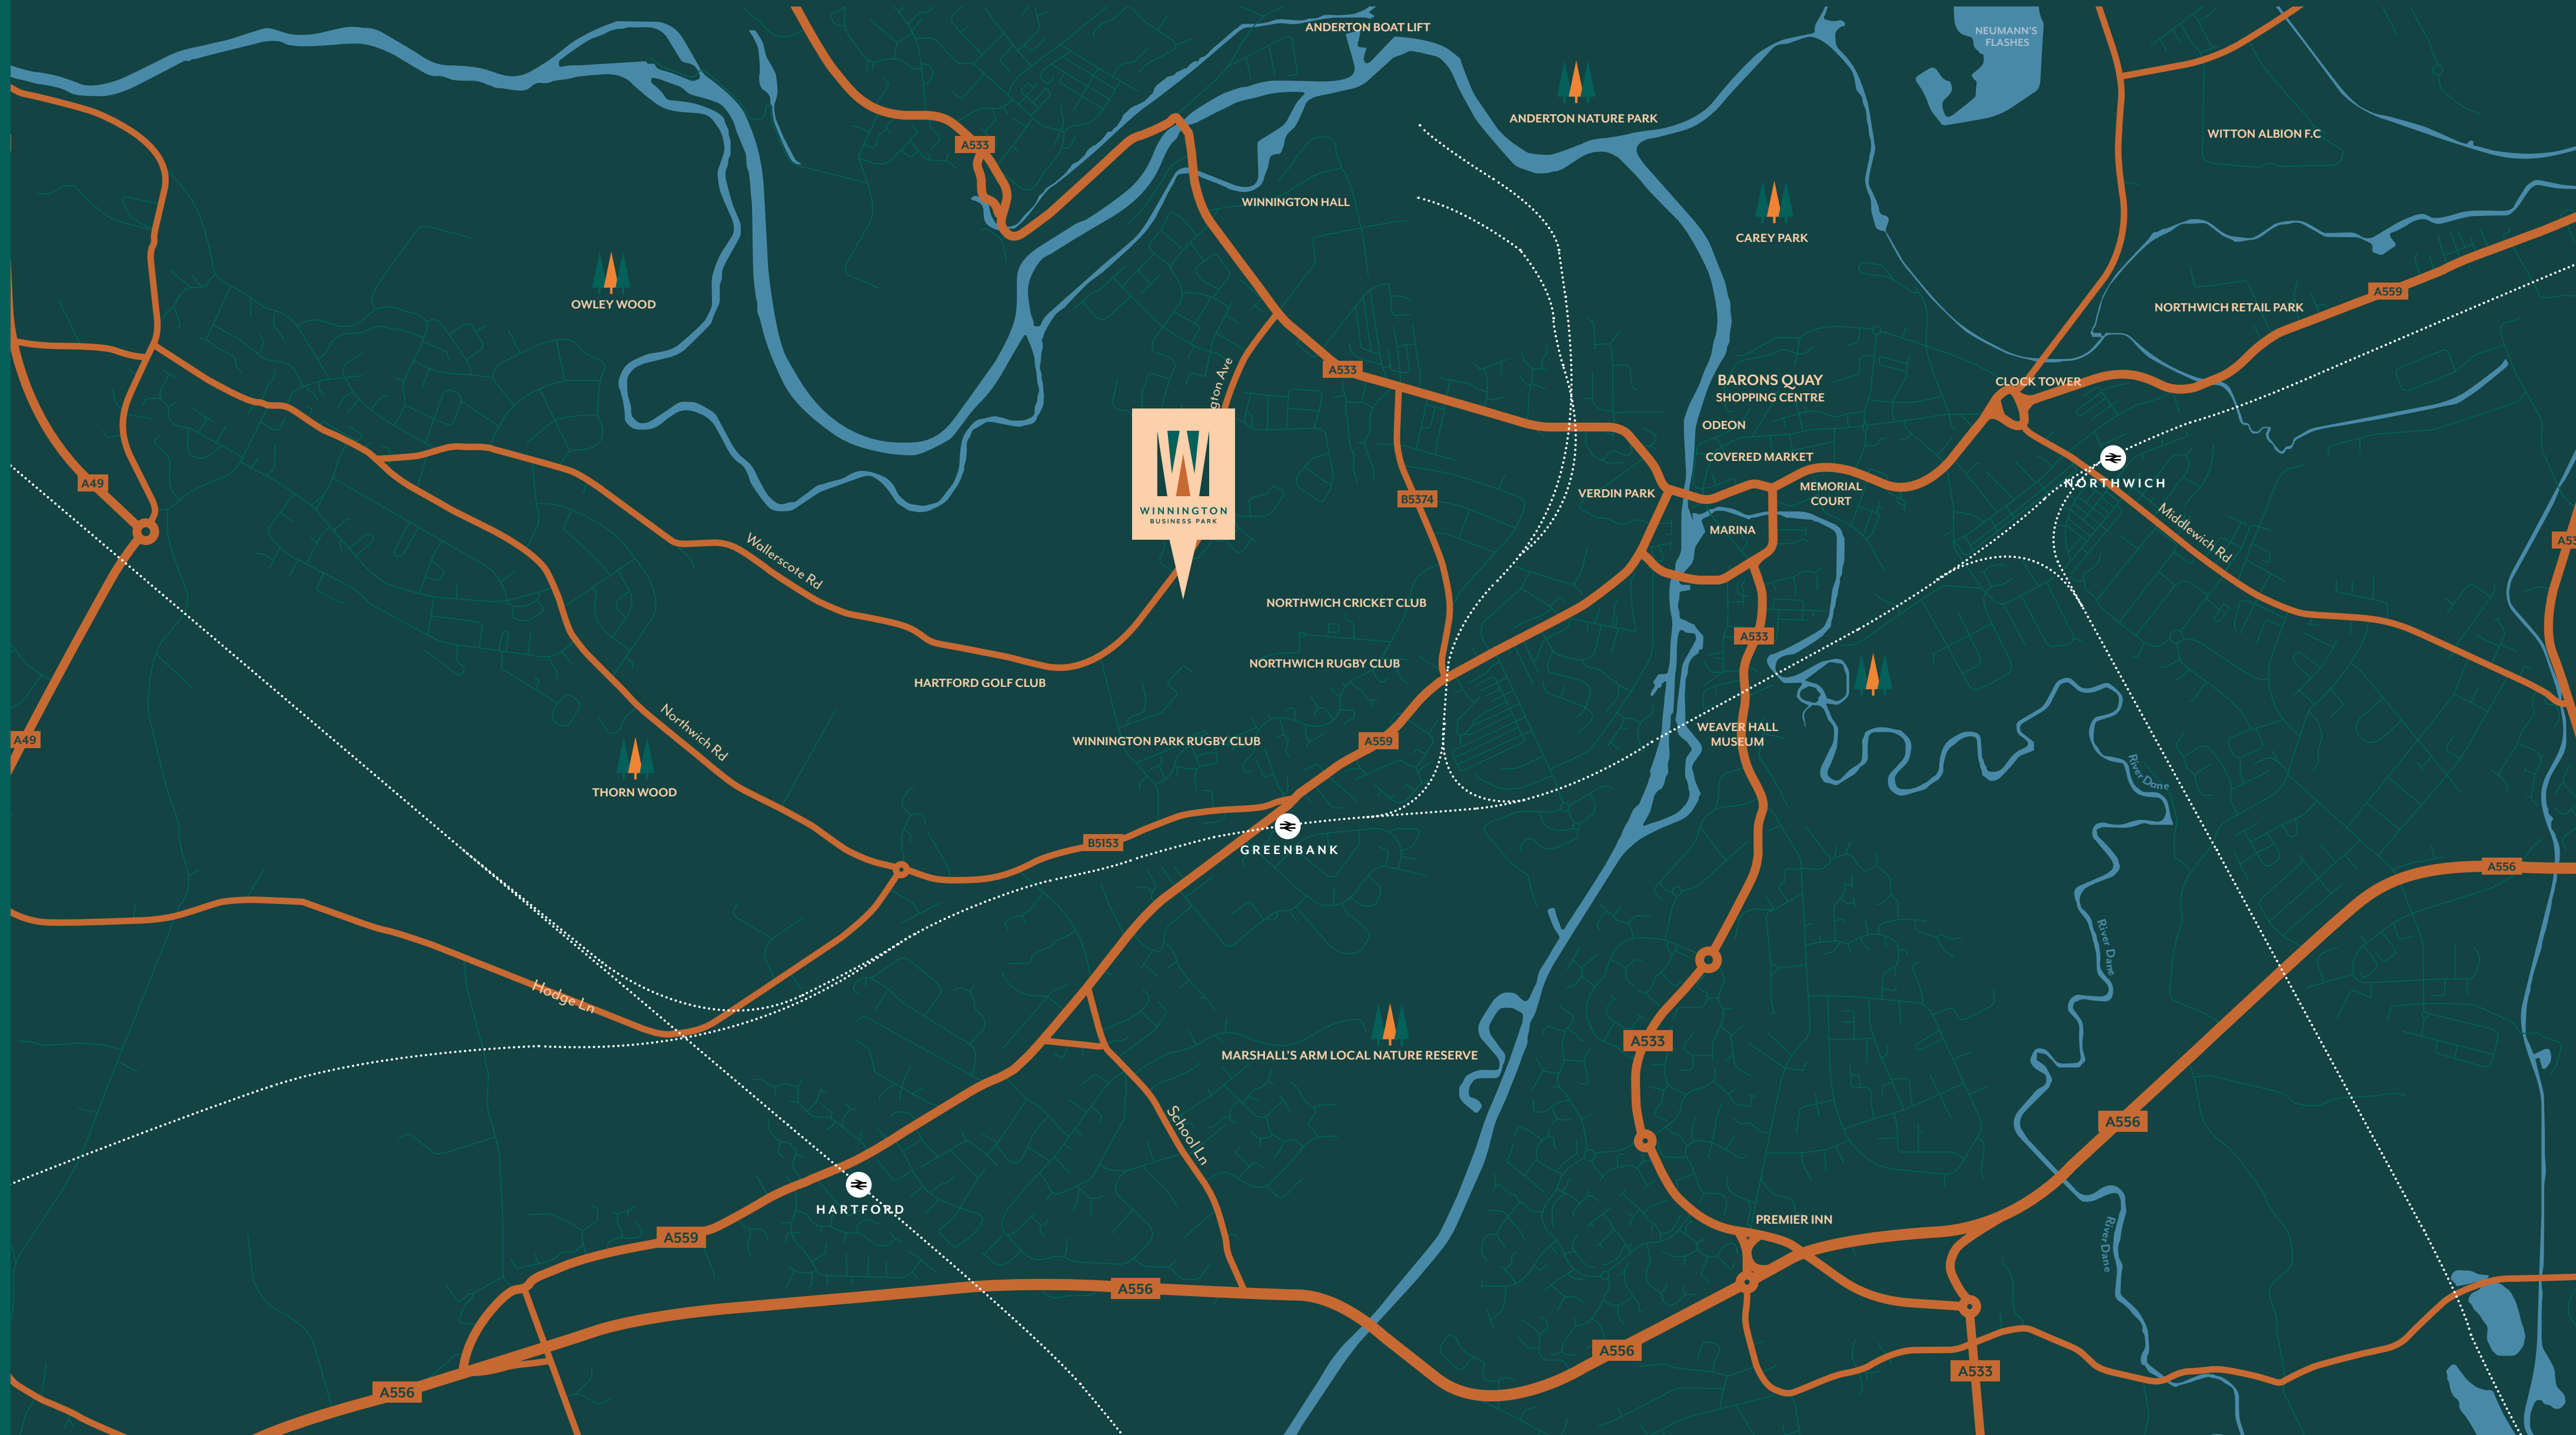

the last few decades has led to an increase in housing developments on the available land, subsequently increasing the town’s residential population raising the need for more industrial and trade premises in the area.

The town has also seen financial investment in recent years with the development of the town centre and new

Baron’s Quay Shopping Centre located on the bank of the river Weaver.

The development of Winnington Business Park will see further investment in the area, providing businesses with new modern premises and in turn increasing the numbers of nearby jobs thus boosting the local economy.

LOCATION

WINNINGTON BUSINESS PARK | NORTHWICH

A BESPOKE SERVICE

We recognise the importance for our clients to find space that offers simplicity and flexibility together with a high-quality service. For occupiers who would prefer an all-inclusive cost for their unit, we can provide a bespoke package to include the following supplementary services:

Business Support

Business rates advice

Broadband (with optional router)

Telecommunications

Utilities

Marketing

Tenant fit-out (i.e. offices, mezzanine)

If you would like to discuss your specific business needs, we would be happy to explore a bespoke client package for you.

Proposed retail & leisure scheme

TRADE UNITS TO LET

BLOCK A

6 units from 2,777 sq.ft (may combine)

Suitable for trade counter uses

Designated & customer parking with EV charging

8m eaves height

Roller shutter & personnel access doors

Partially glazed unit frontages

These new modern units are located to the right as you enter the business park, all looking out on the tree lined Winnington Avenue. Due to the prominent location of the units they are ideal for trade counter businesses

looking to attract passing trade. Adding to the appeal of these units is the included parking spaces to the front of each unit. These spaces provide easy access for potential

customers needing to load materials onto small and medium sized vehicles. Each unit is finished to a high specification and can be tailored to the tenant's needs subject to a pre-let agreement.

Units can also potentially be combined to form larger units if required.

WINNINGTON BUSINESS PARK | NORTHWICH

START UP UNITS TO LET

BLOCKS C, E, G

33 units from 785 sq.ft (may combine)

All-inclusive rents available

Dedicated parking

6m eaves height

Roller shutter & personnel access doors

Partially glazed unit frontages

Located to the left as you enter Winnington Business Park these small start-up units are perfect for companies just starting their venture or those wanting a more workable space. Space starts at 785 sq.ft with an eaves height

of 6m, units can be combined if needed. The 33 modern units each have dedicated parking to the front allowing for easy access of both staff and customers. Every unit is equipped with roller shutters, access doors and partially

glazed frontages providing an abundance of natural light adding to the modern feel. The layout of these units provides a sense of community, blocks C and E form a cul-de-sac potentially allowing businesses to easily

collaborate and draw in more customers resulting in increased brand awareness for each occupied unit.

INDUSTRIAL UNITS TO LET

BLOCKS B & F

10 units from 4,565 sq.ft (may combine)

Bespoke fit out available

Dedicated yard and parking

8m eaves height

Roller shutter & personnel access doors

Partially glazed unit frontages

Set further back and to the right of the business park these larger units (Block B & F) provide space up to 6,240 sq.ft (may combine) and are ideal for manufacturing or warehousing. Each unit has ample

space for heavy goods vehicle access along with roller shutters and an eaves height of 8m perfect for storage. The modern glass frontages allow natural light into the space, reducing the need for constant internal lighting

and therefore reducing business costs. Each unit has dedicated parking for both staff and visitors blocks B and F form a courtyard feel whilst the detached unit measures 6,103 sq.ft and offers a dedicated plot for ease of

loading and external storage together with an increased presence on the estate. If you're in need of space in excess of 6,240 sq.ft, terraced units are able to be combined subject to availability and pre-contract agreement.
